- website update
  - Matt's hand coded-page got some sort of bug, or hacked so he wiped the whole thing
  - He used a new coding package that wasn't home made so it is more secure
  - The url is the same
  - At this point there is pretty much just a home page
    - First order of business will be to put up this season's race schedule because that is the most important information

- Race fees-
  - Andy has been paying out of his own pocket to front the race fees and will be looking for a refund—this is an unfair responsibility.
  - We can't pay the race entry fees with a PO
  - Zach's understanding is that we always will need someone to front the money and then be reimbursed
  - No one will end up losing the money but Zach suggested that we take turns fronting the money if we are financially able/comfortable
  -
- misc items
  - none
- Meeting adjourned 7:51pm 9/29/11
